

***New Jersey Heroes***  
**History/Language Arts**  
**(TT, OP, DL, OB)**

**Class description:** Students will learn about the sacrifices of New Jerseyans who served aboard the *Battleship New Jersey* and the dedication of those who contributed to her creation. Your class will examine primary source documents, utilize letters and poetry, as well as view oral histories from these hometown heroes – from first hand accounts of the battleship at war, to the stories of those who were proud to pound her rivets into place. This class also provides the opportunity for analysis of the roles that New Jersey-born women and minorities played in a time when equality in the workplace was uncommon.
