FREE FIELDTRIPS

VISIT THE SHIP

Museum educators will take your students on a 90 minute guide tour of the World's Greatest Battleship right here in Camden, NJ! See where sailors lived and fought through World War II until the 1990s. Stand in awe of the fastest engines ever put on a battleship and look down from the bridge where New Jersey native Admiral Halsey commanded the fleet during WWII.

SCHOOL ASSEMBLIES AND CLASS VISITS

Museum educators will come to your school with artifacts from the ship's service to tell your students the history of the ship in your own school!

ADD ON CLASSES

ENGINEER A BATTLESHIP

Use addition and subtraction to plan out your battleship and work as a team to decide what your ship is going to look like.

READ PRIMARY SOURCES

Read the first person accounts of sailors who sailed alongside New Jersey.

LEARN ABOUT LOCAL HISTORY

The battleship was built by men and women from Camden and Philadelphia during World War II. Learn their stories here!
